Project Verification for Second Phase of Intern Season

Hi Using PINNs to solve Differential Equations. We have checked the submissions of those who wanted to get their projects verified for Jan and the final list (after checking) is attached below. This list will be sent to STC. You can add this project in your resume with the following details -

Title of Project: Using Physics Informed Neural Networks (PINNs) to solve Differential Equations

Industry/Institution: IIT Roorkee

Start Date: 29th August 2024

End Date: 8th December 2024

List of verified students:

22117147

22113035

21323029

22124028

22113159

23119039

22112076

24565014

22117030

22117075

22115098

22112106

22117107

21322029

22123039

22411021
